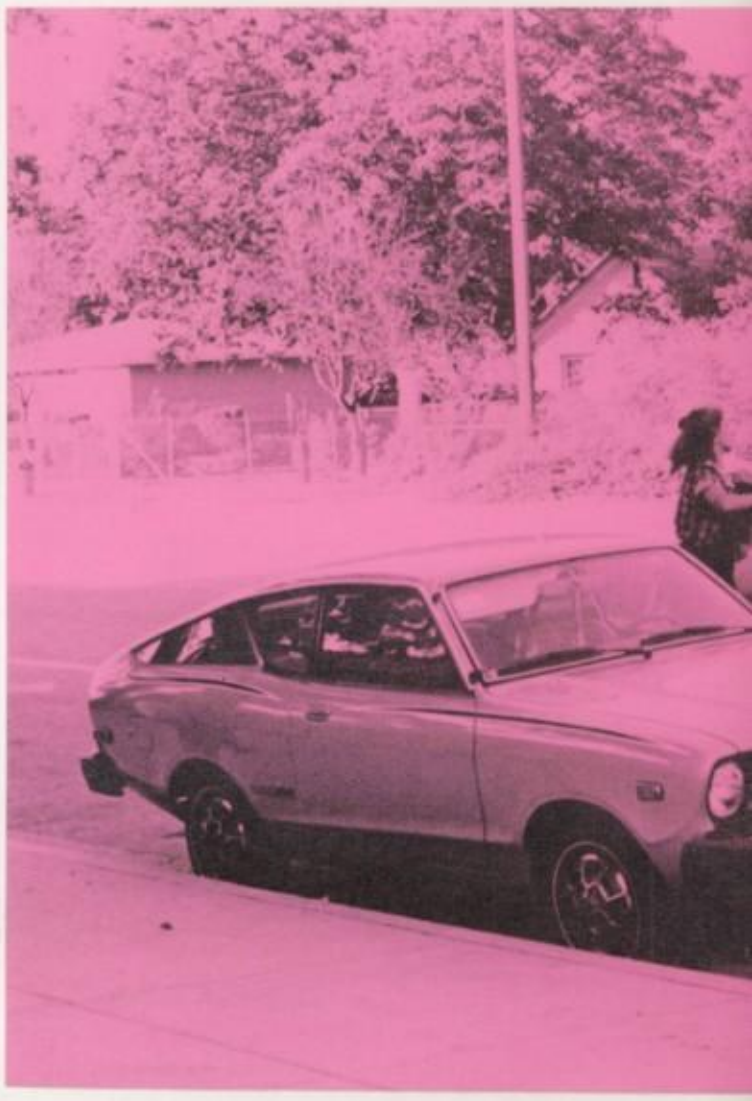
It Happens To All

A year has begun, for few it ends a high school career, for others it begins a hole new life at Mountain View. Seniors will reminisce the first day of school, looking back lightly on the memories of Mountain View. As for underclassmen, they are still creating their memories, and when they graduate they too will reminisce the first day of school.



(Right) One of the effects of Proposition 13 is that school transportation was cancelled. Students are now finding new ways to get to school as shown at right. (Below) Carrying a conversation on the way to class is Roberta Bautista, Lisa Villa, and Loretta Lopez.

1 + 1 + = 1

The student body of Mountain View High School is made up of students who attended a variety of Jr. High Schools before coming to Mountain View. Upon the same campus, these freshmen and fellow high school students are recognized as VIKINGS. During events, day or evening you are able to hear the chants of the VIKINGS proclaiming "WE ARE A LIVE ... WE ARE NUMBER ONE!"

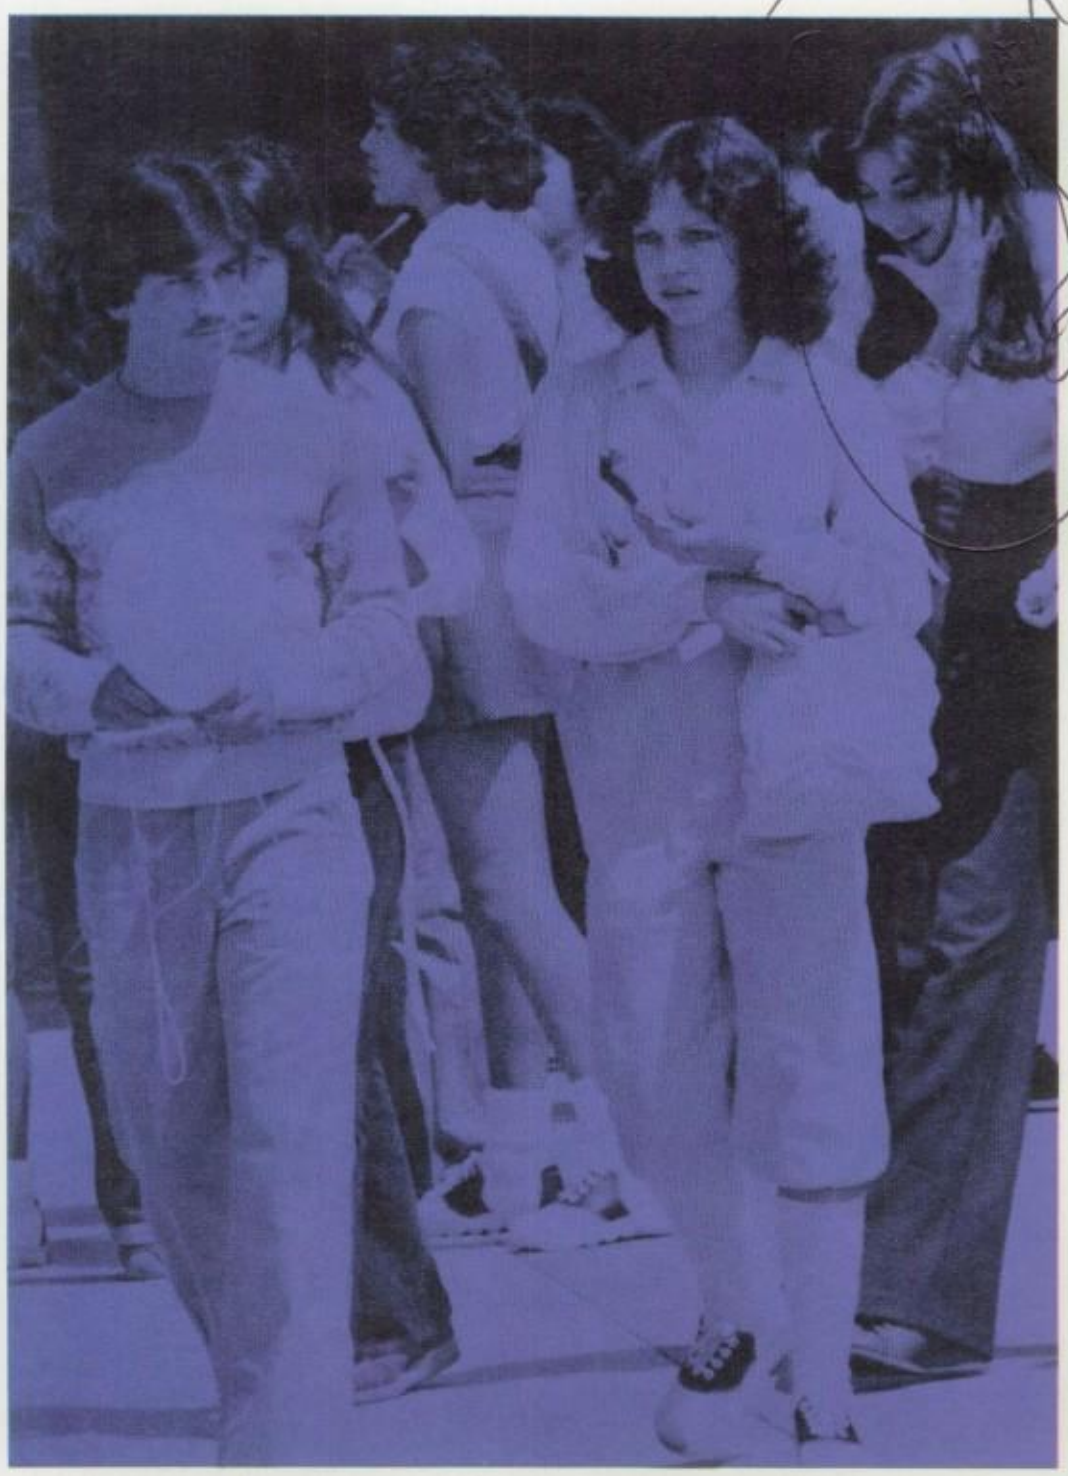
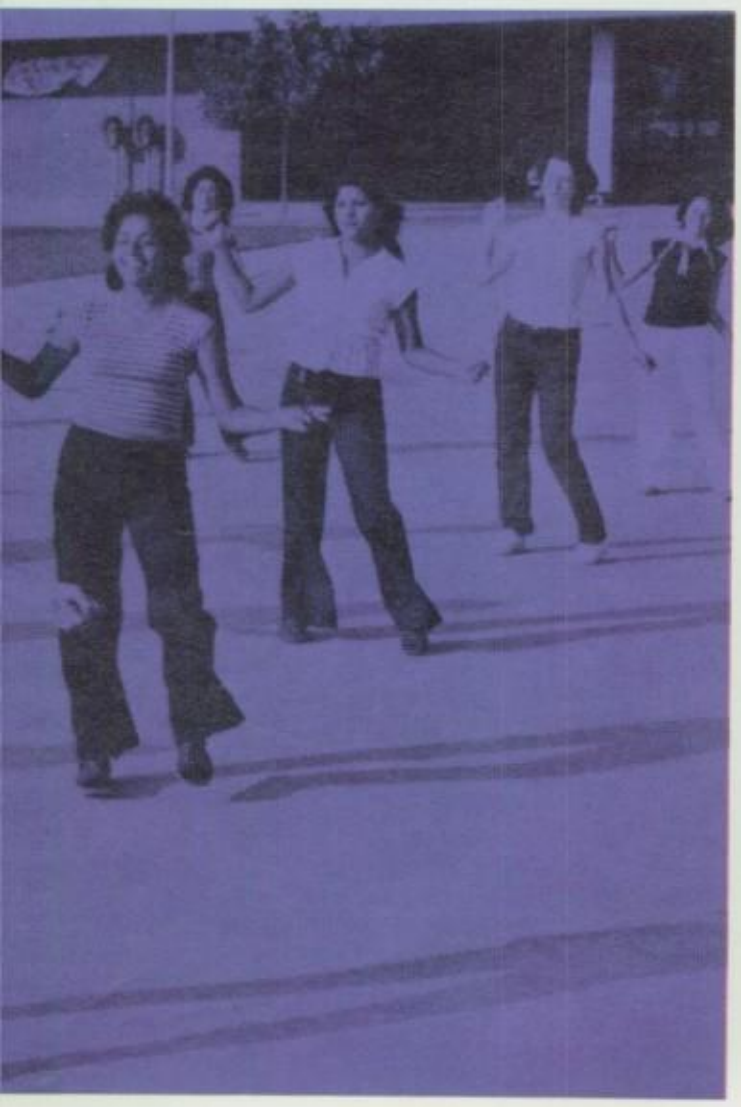
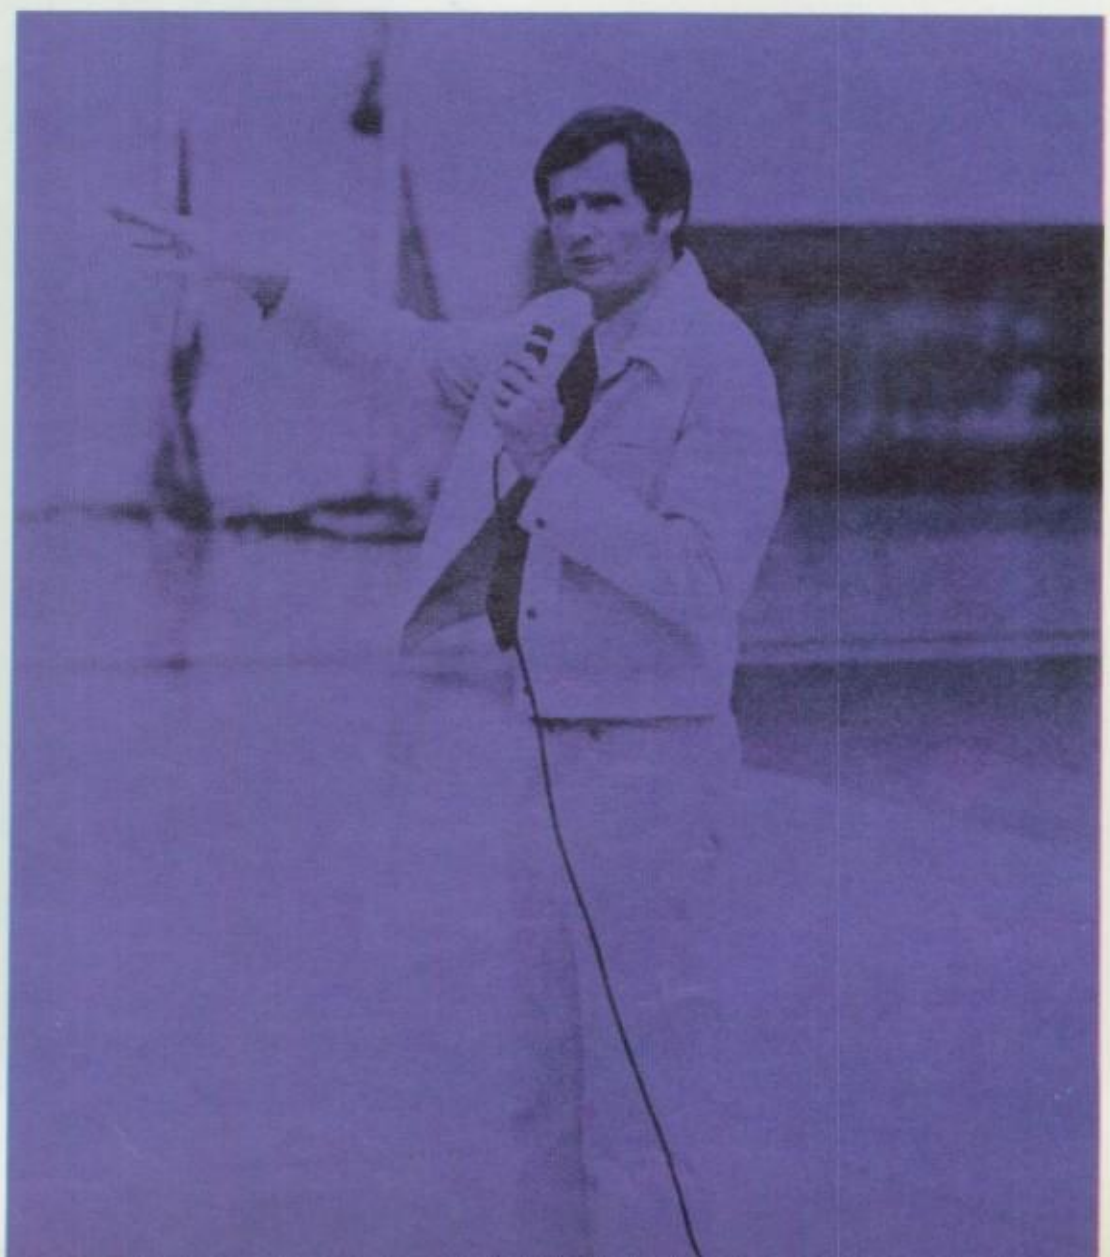
Staying In Shape

Mentally your mind must be in shape to handle the outside world. In a High School situation, each individual must know there basic skills in order to make a life for themselves. These skills consist of READING, WRITING, and MATHEMATICS. No one can give you these skills. An individual must obtain them by spending many hours reading books, writing essays, and reviewing the basic math problems.

(Right) Struggling down the stairs, Biane Harris takes a breather. (Below) After lunch walking back to class is Diane Estrada and Juan Raigosa.







(Left) Addressing students at an assembly during Basic Skills week, is Mr. Jim Tunney, N.F.L. referee. (Lower left) Members of Drill-team practice for Friday pep-rally and half-time performances. (Below) Speaking to parents at a Parents Advisory meeting is Mrs. Sandoval.

Friday And Friday Night

There is one day at Mountain View on which most activities are held. Activities such as Pep-rallies, Class competion, and Entertainment. This is the day when all teams wear their school shirts. Proud to represent us against our rival high schools that day or evening.

When the evening comes around spirit is high. Through out the crowd anticipation of who will win is scattered. Never the less parents, teachers, and students are present to support our team to Victory or Defeat all on a Friday Night.

(Above) Showing her spirit is Linda Conejo putting on her spirit ribbon. (Right) Joining in the pep-rally is Mr. Ledesma.

(Above) Giving a few words of encouragement is Varsity Coach Mr. Magnusun during a pep-rally presented for the Varsity Football team. (Lower Left) Recieving Freshmen Queen and King is Cathy Macias, and Mike Koppers. (Lower right) Doing there thing at the Howdy Dance is George Delgado and his sister Gloria Delgado.

Sports again were the center of attention at Mountain View. The teams were typical of past teams, small in size but big in desire. All athletes strived to make the best showing against their opponents. All teams enjoyed success, not always in the win column, but definetly in the experience column.

Smith.

The 1978-79 Varsity Football team under second year Coach Chuck Magnuson, looked forward to a good season, but were dissapointed despite their efforts. During the entire season they showed signs of lacking the strength and quickness need to play against the tough Viking schedule. Offensively, the team was young and inexperienced. The offensive line being mostly Juniors and Sophomores and the backfield led by Sophomore quarterback Hector Spathias.

Defensively under 1st year Coach Tom Richard's, the team was shown new ideas for improvement during the season. Again Juniors and Sophomores played a big part in the Viking Defensive. With these promising underclassmen, the future can only get better.

Most valuable was awarded to Roberto Barajas for outstanding performance. Recieving most improve was Kenny Santos who constantly tried to improve himself. Given most inspirational was Benny Batrez who's attitude was never against the Viking football team.

The Sophomores under the guidance of Coach Kleine, kept their winning tradition live. This success was a carry over from their frosh year (6-3). They weren't about to let it go down the drain. They began this season on a winning note, beating a tough Ontario team (12-8). They then lost a heart breaker to Gladstone (12-6). The following week the young Vikes beat up on a fine Norte Vista team (20-13). The next Friday was a heart breaker losing to a big experienced Glendale team (23-13).

The Vikes went into league play with a 2-2 record and plenty of experience. League proved to be a sweet adventure for the Vikes, they went undefeated in league not allowing more than 9 points in any game, twice having to come back in the 4th quarter. One of the 4th quarter comebacks was against cross-town rival, El Monte, in the 4th quarter the lions were up to 7 to 0 but Max Shubin threw a touchdown pass to Hector Correa to even the score. The Lions then punted and Hector Correa had a fine run back of 60 yards for the winning touchdown (12-7).

For the season the Vikes were led on offense by Co MVP'S, Max Shubin, Quarterback and Hector Correa, Slotback. Most improved, Javier Acosta, Defensive end. Most inspirational players Mike Ortega, Tailback and Offensive Guard, Richard Gonzales.

Front Row: Rudy Natividad, Art Flores, Robert Martinez, Frank Rivera, Danny Flores, Larry Espinoza, Frank Jaramillo, Eddie Huizar.

Third year coach Steve Alonzo, put together one of the finest freshman teams, offensively and defensively in Mountain View's history. Helping out coach Alonzo, were his assistant coaches, Bojorquez and Hartnett. The freshman team started off slow with less than 30 freshman out for football, in August, but it increased once school started.

Offensively the team rolled up 1,638 yards. Leading the team was Andy Correa (Quarterback) who passed for 238 yards and scored 4 touchdowns on 57 carries. The rushing department was led by two outstanding freshman, Robert Alexander and Genero Martinez. Alexander who carried 117 times for 431 yards, 5 touchdowns, average 5.4 yards a crack. Correa, Alexander, Martinez were standouts on offense, thanks to the offensive line. The overall record for the team was 7-2 and a 2nd place finish.

Again Defense was among tops in the school history. The defense played 36 quarters and shut out opponents for 31 of those 36, 22 in a row. Shuting out 6 of their opponents: Ontario, San Marino, Bell Gardens, Rosemead, Keppel Arroyo. Only letting one team score more than 10 points in one game (cross town-rival) El Monte. Defensive captains were David Ventura (Defensive End), Genero Martinez (linebacker).

Freshman MVP was Robert Alexander, Most Improved was James Wicks. Most Inspirational was Frankie Rivera.

SEASONS REVIEW

The entire pre-season and league, the Varsity Volleyball team improved its skills to a peak, where the girls were setting and spiking to their opponents. Recieving most valuable player is Teresa Walker, who contributed full time to her team and to her teammates. She was also elected Captain.

During practice Gloria Delgado made the most in every session. Her teammates noticed her drive and voted her most improved.

The Varsity team returned with the same coach, Mrs. Jennings who's stragety was, never give up till the last ball hits the ground. The girls worked as one on the court though they were defeated three out of five matches.

Concentrating on her thoughts is Julie Meza as she attempts a spike.

We're Here To Stay "Tennis"

During the 78-79 season, the young Junior Varsity Tennis Team devoted many hour, but came up short this season due to lack of experience. Since this season was run on a ladder many J.V. players were able to flucuate to Varsity ranks.

Coached by Gloria Acoasta. The young future stars of Varsity Tennis though defeated at times, showed that they don't quit. Now that this season is over, the young J.V. players can now look forward to an impressing winning season next year, coming back as veterans.

The Varsity Tennis Team proved to be a tough team to beat as they placed fifth overall in league competition. Only winning two matches, the team didn't let their opponents win easily. Most Valuable went to Connie Rios, and Most Improved to Noreene Geoghegan. With four graduating seniors, the team may be losing strength but with their #1 singles and #1 doubles, returning, they'll be ready to face their opponents next year.

Get Down

Only six wrestlers on the 12 member varsity squad had wrestling experience prior to this year, which is one reason why the team only managed to win two out of 14 dual matches. The best team effort came when the Vikes placed 10th out of 15 teams at the Santa Fe Tournament.

Individual accomplishments were probably the high point for the squad. Freshman Joe Groves placed 1st at the El Rancho 5-Way and 2nd at the Santa Fe Tournament. Joe ended the season with a 13-7-1 win-loss-tie record. Senior Mario Paredes, who wrestled on last year's team, was ineligible for most of the season but still managed to place third at league finals. Team captain Tom Castenada, the only other senior on the squad, wrestled well the entire season placing third at the Santa Fe tournament and second at the Charter Oak 5-Way. At league finals Tom lost by one point to finish in second-place. Tom's overall season record was 16-4-0. Gilbert placed 3rd at the Santa Fe tournament, and third at league finals, helping to a 14-9-0. The team awards went to Tom Castaneda for Varsity Most Valuable, Angel Espinoza for JV most valuable and Most Improved went to Abel Aguilar.

There Is No Place Like Home

The Varsity team, out to try and capture the league title, must give an all out effort during practice and non league games, in order to sharpen their skills. Head Coach Vic Chavez will be looking towards a large group of underclassmen to help this years Vikings. Leadership of the team will be upon the shoulders of three returning seniors, Robert Duchess, Carlos Guevara, and Richard Carrion.

One More Step

One step away from the highest level, many of Mt. View's baseball players still need to gain confidence within themselves in order to help win the league title. The J.V. team works many hours on techniques which will be used on the Varsity level

Head coach Steve Alonzo and assistant Darren Wallach, only having a handful of returning players in key spots must help each player advance his skills to the fullest capibilities in order for the team to have an excellent season.

Young-Men

The freshman team, determined to have a good season, prepare strenously for the season ahead. These players will build up experience until they have reached the level of Varsity skills. With many of the players coming up through the fine local youth leagues, the team looks forward to a promising season. This years team is being coached by Mr. Rick Cardenas with the help of former Viking Gilbert Adame.

The Varsity Tennis Team is composed of 8 players but 4 play single while the other four double up to play doubles in their matches. All the boys participating in Tennis are very enthusiastic of this sport that they have picked since their freshman year. Eligilbility seems to be a main cut to many of MVHS sports but there is none upon Tennis. Mr. Klein looks forward to the tournament, so that each of his players may gain some recognition for themselves. While more spectors can overlook the strong power of each of his players.

When entering MVHS many freshman boys notice the tennis courts behind the industrial buildings. But never really interested for many have only heard of what tennis is about. Also many of these boys are part taking in other sports such as football and basketball. The JV team is at times practicing when Varsity is over with the courts during the evening. Mr. Arroyo having players with little experience or enough skills must better his team to Varsity level. Coaching the Freshman Tennis team is Mr. Arroyo, who is seen out on the tennis courts at 7 a.m. preparing his team for future years. A very large percentage of his freshman team were recruiting from physical education classes. Having his hands full Mr. Arroyo looks forward to a pleasant season.

Watch The Birdie

This year's badminton season had high hopes for a satisfactory winning season. But the advantage of a winning team is to have as much experience and talent as possible. This year's Varsity badminton team was ready, with the help of the returning girls from last year's team. They got together with the

Top In Their Class

When every freshman begins their four year venture of education at Mt. View, the Physical Education teachers are recruiting promising athletes which shall better the different teams. Many of these athletes participate on a variety of sports. But few excel in more than one sport within the same year.

One particular senior who has played in MVHS sports, since her freshman year is Connie Rios. She stands 5'6" and has much to offer as an athlete. Playing varsity sports consist of: 4 years of Basketball receiving MIP freshman, MVP soph, coaches award junior, and MVP senior year. Softball consist of 4 years MIP freshman, 2, 3, & 4 year Bar from soph to senior year. Tennis consist of 3 years: First doubles MIP soph, 2 year bar first double junior, MVP first doubles senior year.

When it comes to the selection of the top of boy's athletics, it becomes a difficult task. Many young Vikings played an important role in the success of our boy's athletics program. Many participated in one sport, some in two sports and a select few in three sports. Concentrating on our two & three sport stars is what this feature is about.

One of these stars is Tom Hernandez. Tom was a two-year varsity letterman in Football. During his Junior year he received a honor which named him 9th leading receiver in CIF. He was also voted 1st team all Mission Valley League as tight end. As a Senior, Tom was the most versatile player on MVHS football team. Tom was named to the All San Gabriel Valley team. Upon his teammates he was voted captain of the football team. Participating in Basketball, Tom lettered his Junior year. As a senior he received his 2 year bar.

Doing an outstanding job, as a fine athlete is Joe Ottrando. Who has been participating in sports since his freshman year. When Joe entered his first year, he concentrated upon his basketball skills, which he played his freshman year. He was also voted captain the same year. In his sophomore year he advanced himself to the JV Basketball team. Where he played guard. In his Junior and Senior year, Joe played Varsity basketball in the same position for the last 4 years as guard. Joe was voted once again Captain his senior year and received his letter & 2 year bar. In shape from Basketball, Joe begins to concentrate on his tactics for Tennis. Joe has played Tennis since his freshman year. Receiving honors were: Freshman-MVP JV and a Varsity letter as he advanced to Varsity in the half season. Sophomore: single Varsity MVP, Junior: single Varsity MVP, and Senior, Single Varsity MVP. Joe also participated his Junior year in 2 tournaments, the West Covina tournament and El Monte Easter tournament. They were very rewarding as he placed 1st in both. These athlete's have gained recognition for contributing themselves to uphold the Viking name, for the last four years.

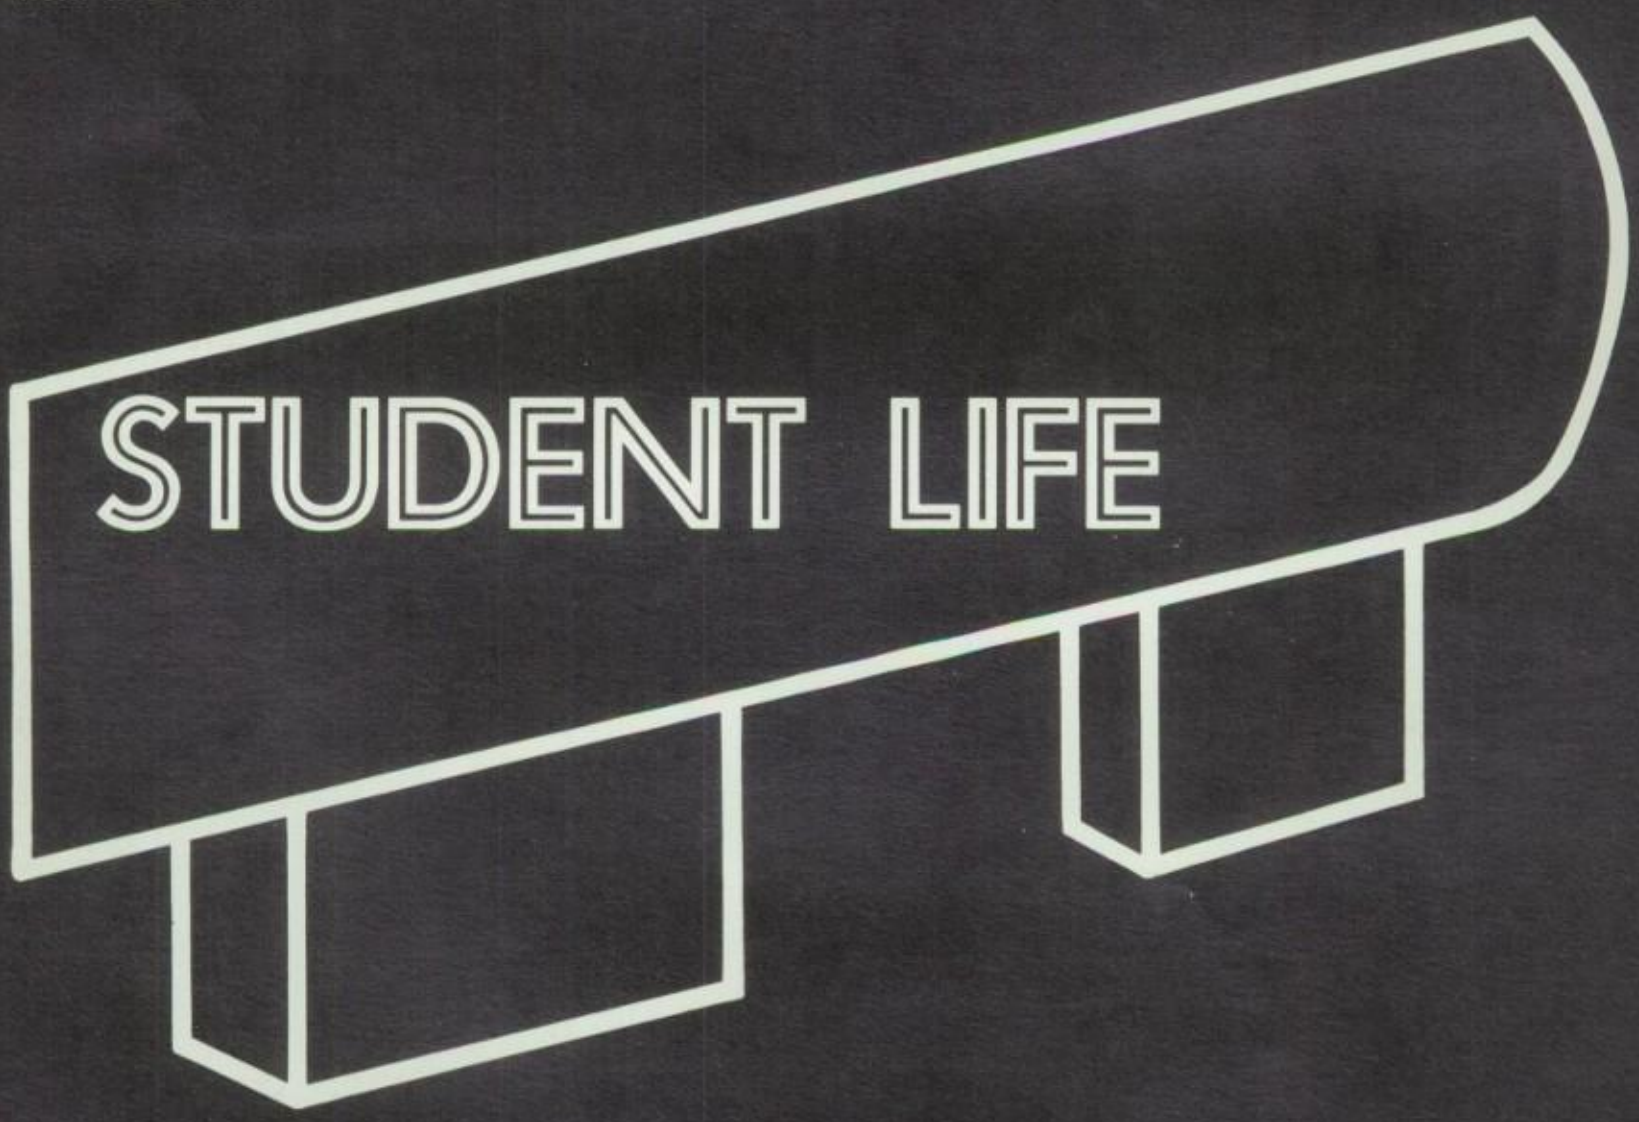
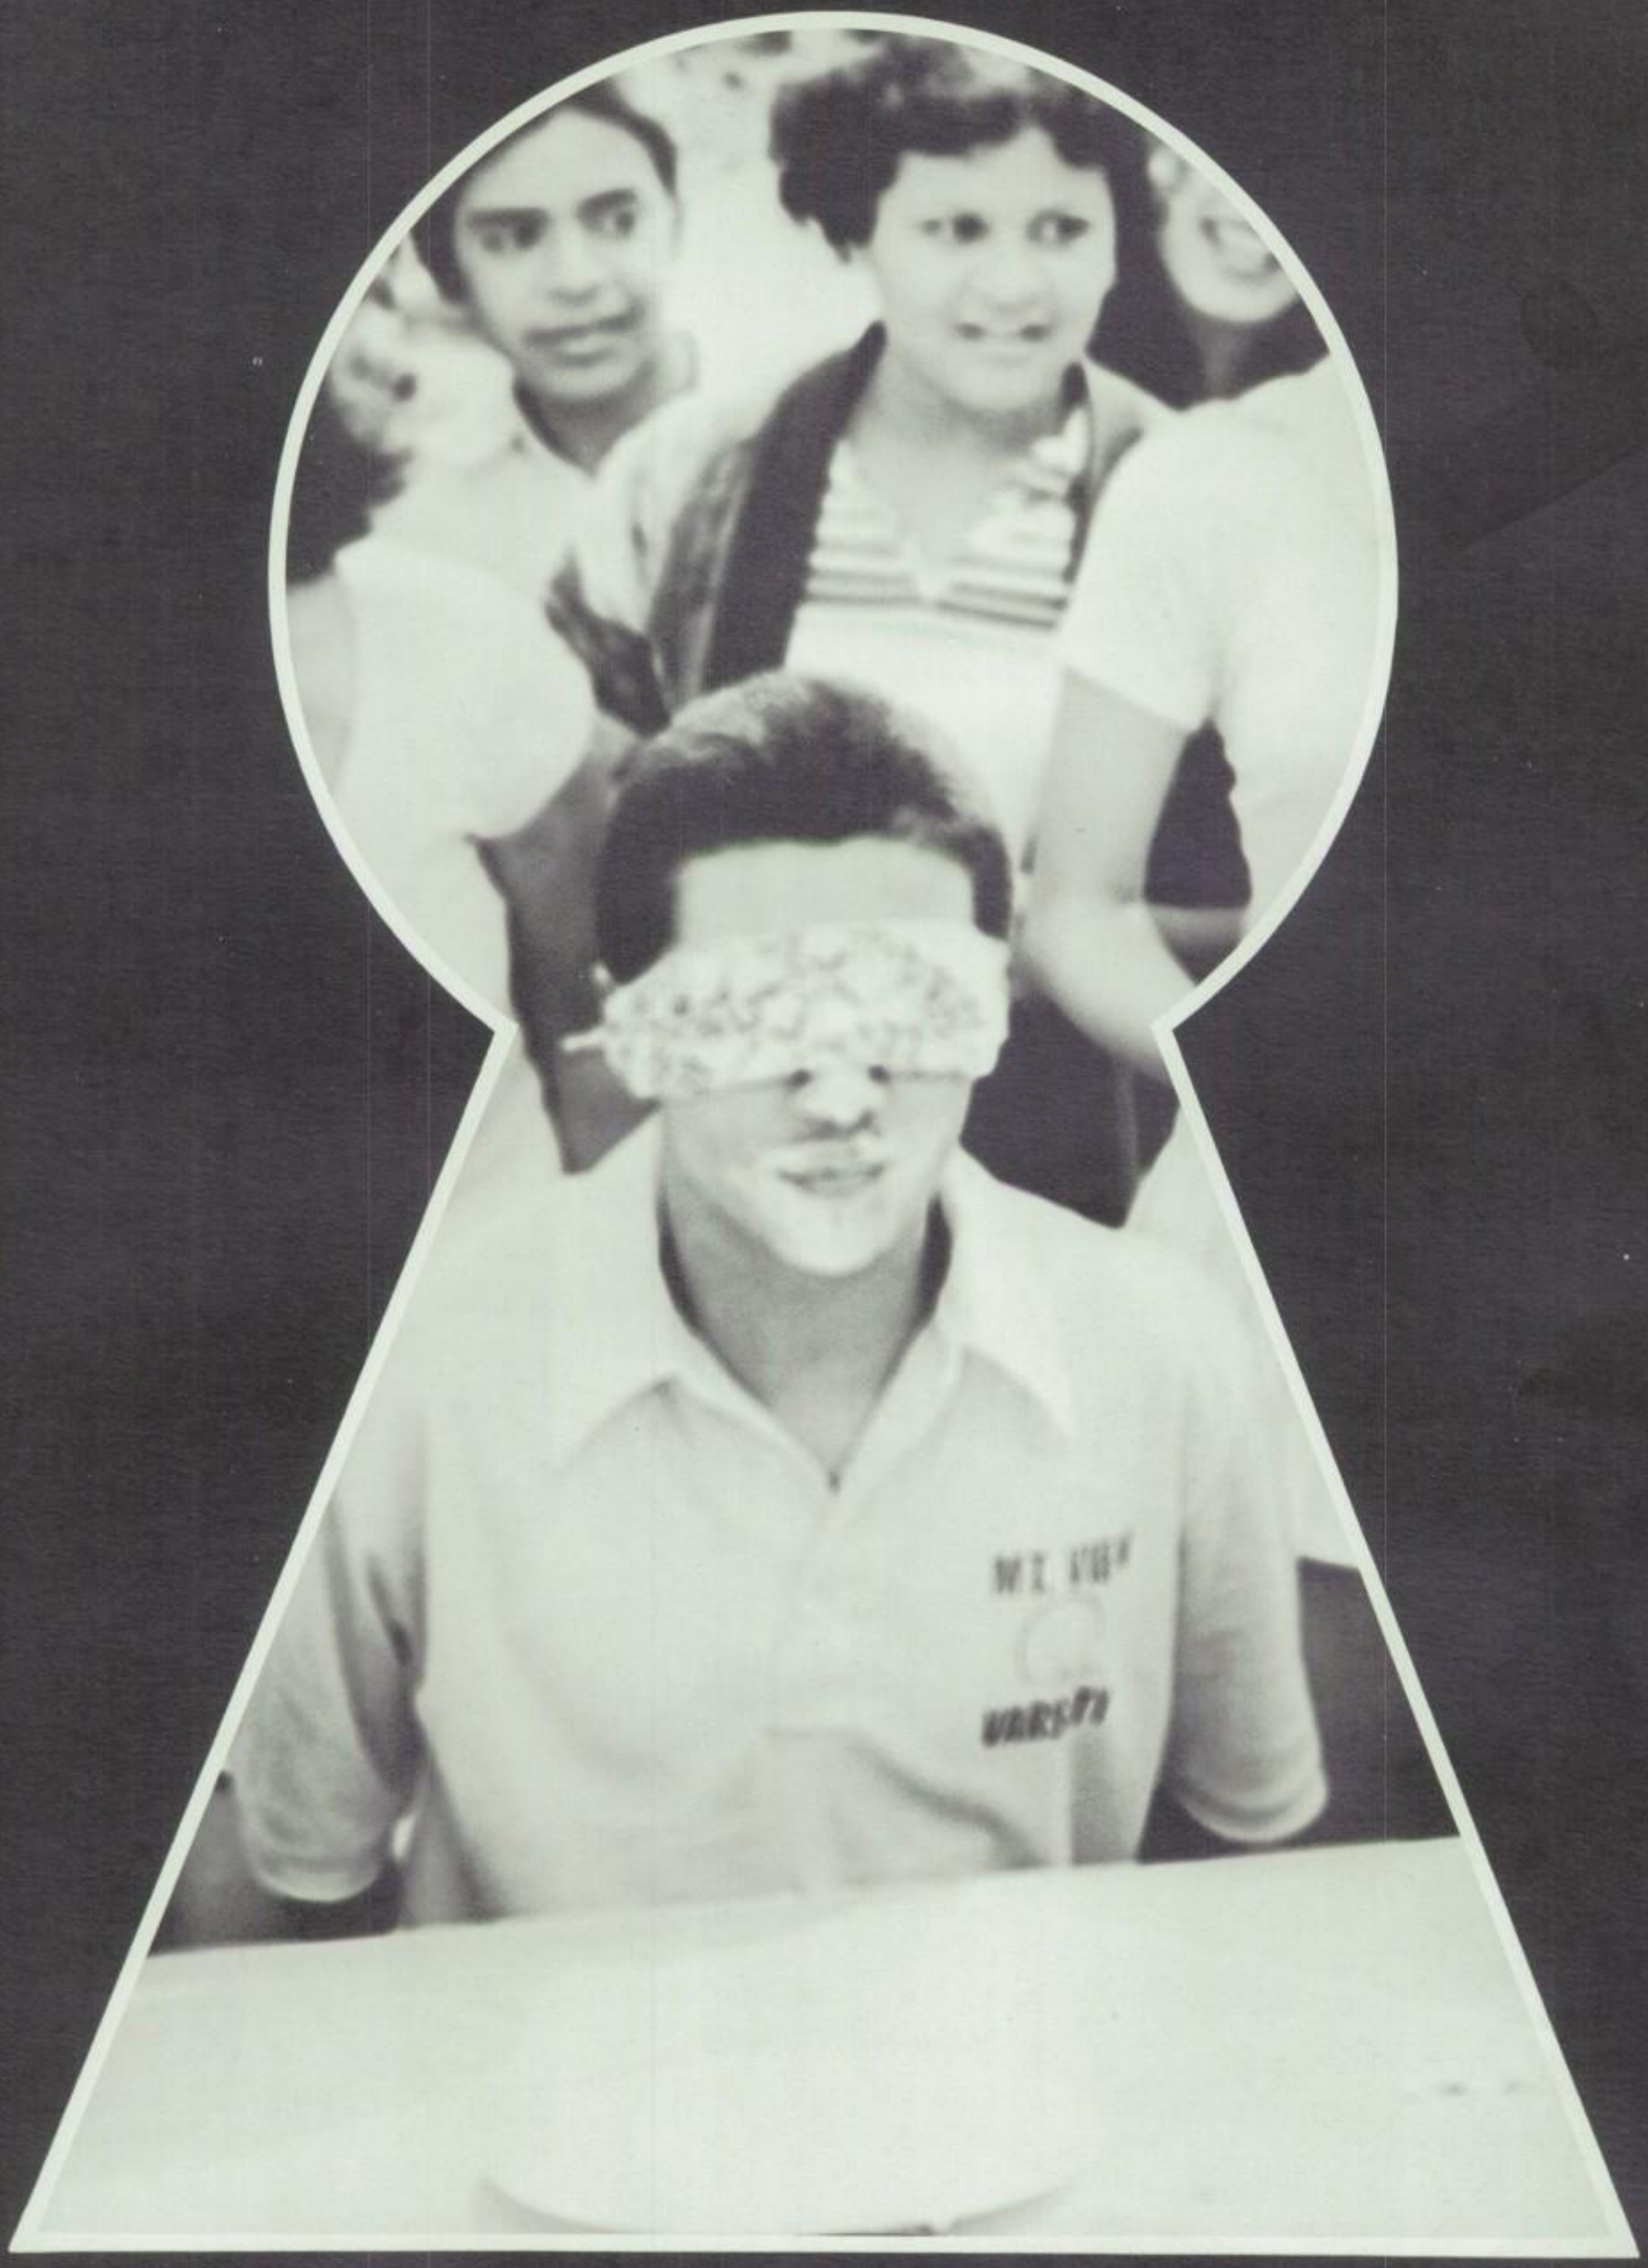
The Activities that go on in school are open to everyone on the Mountain View campus. We have dress up days during Holloween, Early California days, Cinco de Mayo, and 50's. We have dances and assemblies which have proven themselves very worthwhile. We had a national league referee at one of our assemblies who gave a talk on self-confidence. We also had our first night time pep rally with a bonfire.





Riding Donkeys

One of the funniest activities in March here at Mt. View is the donkey basketball game this is where the Seniors challenge the Faculty on the most stubborn animal, the donkey. Ten donkeys and the players take their places on the court, its up to the players to try to move the donkeys across the court toward the basket for a shot, they must be on the donkeys back for the basket to count. Last year faculty won to put this year faculty on a high spirit to win this year and keep up the winning streak, but look out! faculty we have some pretty vicious Seniors.

Shooting for the faculty is Mr. Chavez.
Getting buck around is Mr. Klein as he tries to hold on.
Players look on as Mr. Alonzo takes five during the game.

Disco Craze

Where is everyone going on Friday and Saturday nights? They're hitting the discotheques! Ever since the smash hit movie, "Saturday Night Fever", discos and high school dances have been jammed with amateur versions of Tony Manero. *Who* played Tony Manero? None other than JT. Yes, John Travolta, the hottest superstar of 1978, and a great contributor to the disco industry. Donna Summer plays an important part in the disco scene as the Queen of the Disco. She made her film debut on May 22, 1978 in "Thank God It's Friday", a disco comedy. All of her professional works, as a singer, has ended up one of her greatest albums "Live and More".

Getting started with the disco scene includes listening to KUTE 102 and KIIS FM - the disco radio stations; tuning in to American Bandstand, Disco Magic, and Dance Fever, and hitting the shopping malls to buy the latest "vogue" fashions.

Just listening to the top hit groups like Cerrone, Musique, Voyage, and Chic, get you in the mood for dancing.

This years top singles are: Le Freak, Souvenirs, Connection, Boogiemotion by Beautiful Bend, If there's Love by Amont, Ain't that Enough For You by John Davis and the Monster Orchestra, and MacArthur Park Suite by Donna Summer just to name a few.

Watching the Disco TV shows give you a pretty good idea of how the latest dances go. The most current dances are the New York Hustle and the Freak.

Many of the fashions can be seen around campus, which include long blouses, straight leg pants, cuffed jeans, wide skirts, tweed outfits and pleats.

Other accessories include vests, scarves, and ties to add to the layered look.

Footwear adds to the appearance also. Candies (slip-on shoes), jelly beans (plastic sandals), ankle strap heels, and cookie shoes (black, brown or blue shoes similar to ballerina shoes), are some of the styles.

The guy's attire is somewhat similar to that of the girl. They wear baggy pants, pleated pants, vests, ties, Karate shoes, jelly beans, and black shoes similar to army shoes.

Hairstyles are short layered cuts feathered back, perms, waves and Chenille cuts.

Your first time to a disco can be a different experience. You'll feel out of place kind of scared, and you'll just stand around and watch people.

A typical discotheque has a large dance floor, tables, strobe lights and loud music. Not to mention that it is packed with people. The estimated figure of 35 million people attended disco's just last year.

Some of the best disco's located in Hollywood and around the L.A. area are: 1. Dillion's, 2. Cresendo, 3. Disco 9000, 4. The Great Gatsby, 5. Copacabana. Admission ranges from $3 to $5.

If you ever find yourself looking for something to do on a Friday or Saturday night, put on your dancing clothes, get on down to Disco Fever ... Catch It!!!

Cinco De Mayo

Smiling happily is last years Cinco De Mayo Queen Clara Martinez.

Cinco de Mayo is celebrated here at M.V. with the annual extended lunch hour. During this time many activities are held for the student body. Each class and club has their own booth, and they sell many of the traditional Mexcian foods. There is also the competitions between the classes, for the best decorated booth and the many other games. Nearing the end of lunch, there is the long awaited crowning of the Cinco de Mayo Queen. Everyone enjoys this festivity.

Jr.-Sr. Prom

One of the big events held before graduation is the prom. Traditionally this dance is sponsered by the junior class. Lots of time and effort went into the preparations for this years prom. It was held at Disneyland Hotel, in the Embassey Ballroom. Music was provided by the professional band, "Carry On". It was a night to remember with the special effects of fireworks lighting up the night. The theme of the prom was "A World of Fantasy" which was appropriate since Disneyland has always been a place where fantasies can come true.

Fabulous 50's

The 50's is one of the greatest activities here at Mt. View. Why? Because everyone I mean everyone gets involved, upperclassmen as well as the lower classmen. This enthusiasm of the 50's bring back alot of the good old times from years gone by special events such as the sox hop, the hula hoop contest and the telephone booth stuffing contest. Music was provided by nostalgia people, Oddessey Three. This year the 50's was out of sight as in the years of the past.

Welcome

The beginning of the school year is always hard, after having that long summer vacation. It is now time to give up sleeping late and not having much time for recreation. For freshman its time to go to a new school and meeting new people. It also means getting back to homework, tests and finals. A year seems like a long time, but once it gets going, its here and gone before you know it.

HOMECOMING 1978

Wishing Upon a Star was the theme of 1978 Homecoming. During that exciting week many events were planned for the entire student body. This was highlighted with announcement of the 5 finalist for Queens, it stared with a human chair chain, next a car bash where the student body beat on an old car decorated with El Monte colors, plus the A.S.B. presented for the first time a night time Bon Fire that attracted a large part of the student body to show their spirit. During half time of the game was a parade with cars, floats, and Disneyland Characters, with a special visit from Mickey Mouse. Juan Raigosa, Grand Marshall then presented the New Homecoming Queen Miss Eleanor Flores. After a hard fought defeat at the hands of the El Monte Lions 46-34. It was time to go to the dance. The music for dancing was provided by "The Mob" midway through the dance, the presentation of Homecoming King was announced. The 1978 Homecoming King was Frank Calderon III.

AT SEA

One of the hottest attractions to hit the Los Angeles area, was the play, Zoot Suit. It re-inacts the Zoot Suit wars of Los Angeles during 1942.

The play is focused upon the Sleepy Lagoon trial in which 5 young Mexican-American were accused and tried with insufficient evidence for assualting American servicemen. Prejudice was one of the strongest elements that the accused Mexican-Americans had.

This was accomplished by judge Charles Frickle, not allowing defendants to shave, get haircuts or change clothes regularly. His purpose was to let the jury members and newspaper reporters see these hoodlums for what he had decided they really were.

After a stormy trial which often saw bitter exchanges between attorneys and Judge Frickle, 17 of the young Mexican-Americans were convicted. Three were found guilty of first degree murder and recieved life prison terms; the rest were convicted with lesser charges and all recieved some kind of prison sentences.

After 3 years the trial was reviewed and all 20 Mexican-Americans convicted were released.

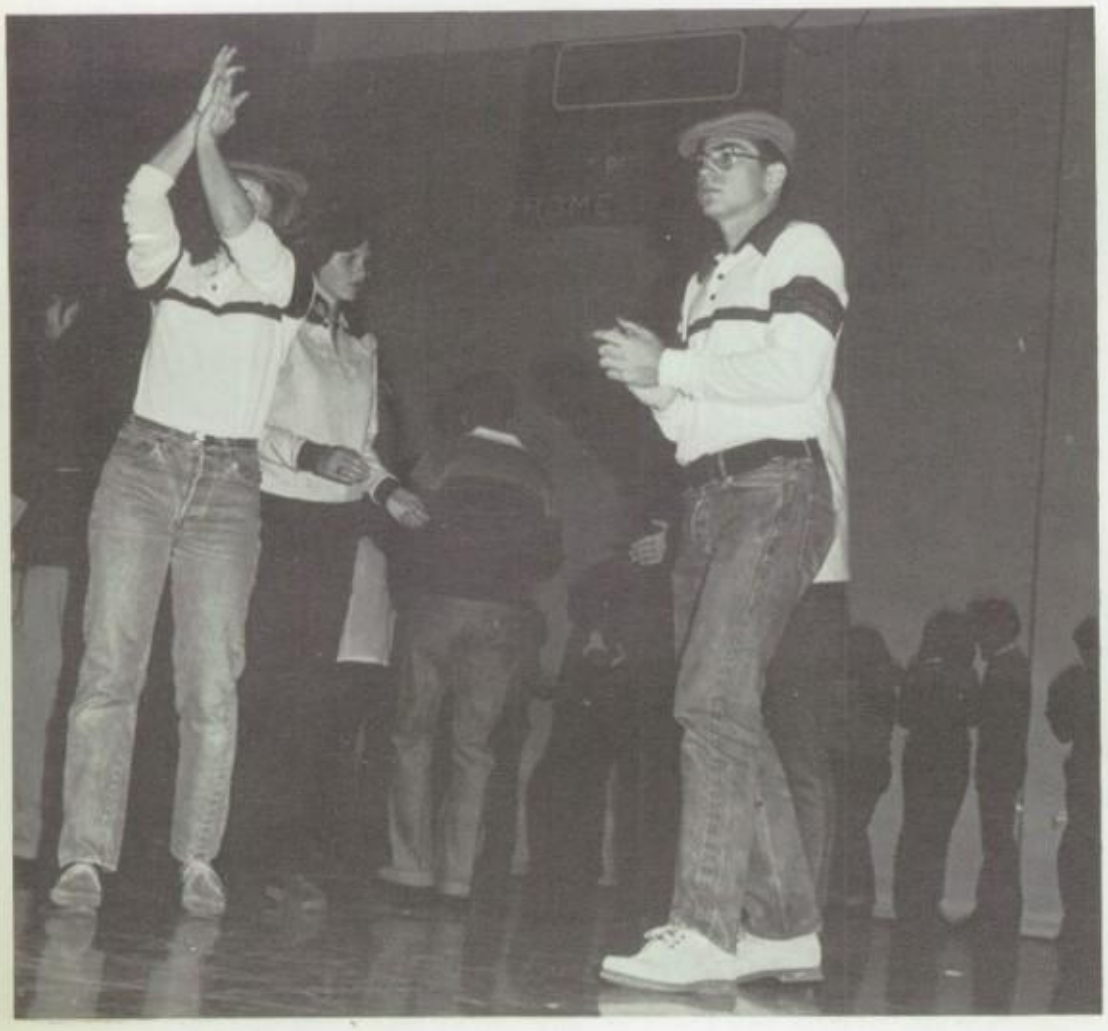
Girls Turn To Ask.



The annual Sadie Hawkins dance arrived eargerly here at Mt. View in mid December. The custom is for a girl to ask her choice to this backwards dance, it is also traditional for every couple to dress alike. This year the Sophomore class sponsored the Sadie Hawkins dance and they did a successful job. Over 290 couples attended this dance which was held in the gym. The music was provided by "Harmony"

Rock Will Never Die

Rock music has been around for more than twenty years. It has survived many slumps during that time, but has always seem to get back up before the final count. In its in fancy, rock had stars such as Elvis Presley, Chuck Berry and Buddy Holly. During the early sixties the rock scene was quiet, but in 1963 it exploded with the invasion of the english groups. The leaders at the time were the Beatles and the Rolling Stones. A few years later Hard Rock or better known as "Acid or Psychedelic" music was the hit. The more Famous stars of this time were people such as Led Zeppelin, Jefferoson Airplane, and Jimi Hendrix. This segment of rock lasted until the early seventies, when it lost part of it identity. At this tie the Psychedelic paraphanelia was gone, but the music and artis were still around, this time the music was "Mellow". During this same time new groups began appearing many of which are still hits of today's music these groups are Queen, Van Halen, Boston, Ted Nugent, and an old but familiar name Led Zeppelin. It is true that rock music has survived many styles and changes over the past twenty years, and one thing that is evident from these changes is that the Flame for Rock n' Roll will Burn On.

Miss School Spirit

Bertha Matamoros

As Seasons changed from Football to Basketball we celebrated a other type of Homecoming but the name was changed to Miss School Spirit with a addition of a Mr Leggs Contest that took place on February 9, 1979. During that week activities took place such as class competition for the class with the most spirit also showing there spirit the Seniors were selling flowers for the occasion of Miss School Spirit. Being crowned that nite was Queen Bertha Matamoros and King of Mr Leggs Ken Kabashigawa. The evening turned out to be very successful.

Weekends

What to do is always the question from Friday night to Sunday. Where to go and what to do? Most students, after the Friday night game go to celebrate and just rap with old and new friends at local hangouts. Saturday the question is still "now what", most people go to the show to watch the hit movies of the year. Some of these were, Animal House, Up In Smoke, Every Which Way But Loose, just to name a few of the favorites. You also have the choice of either going dancing or going to the Blvd. Sunday is a day of rest, going to the park to play football, baseball, or just staying home and kicking back thinking about that special someone.

Low And Slow

Crusing the Blvd. where all the finest cars gather. This is an exhibit where young, and old, girls & guys come to checkout the scene and to get ideas for their own cars.

These low riders, are each one of a kind, not very many are the same. This is because each car reflects the taste & imagination of its owner. Owning a low rider is a hobby, one which is very expensive, requiring a lot of time & money. Some of the requirements for a sure eye-catching car is a candy or flake paint job, maybe even a mural, an interior made of the finest material, wire wheels with knock offs, the best stereo money can buy and of course, hydralic lifts.

Once all this time and money is put into the car it is ready for cruising and showing everyone your fine piece of property. At this same time your car is ready for competion in hopping contest and custom car shows, Both of which gather hundreds of people from every part of the U.S. If your car is one of the few selected as a winner in either hopping or show, you know it was all worth it, But more important is that other people recognize you as the owner of the finest low rider ever put on the street.

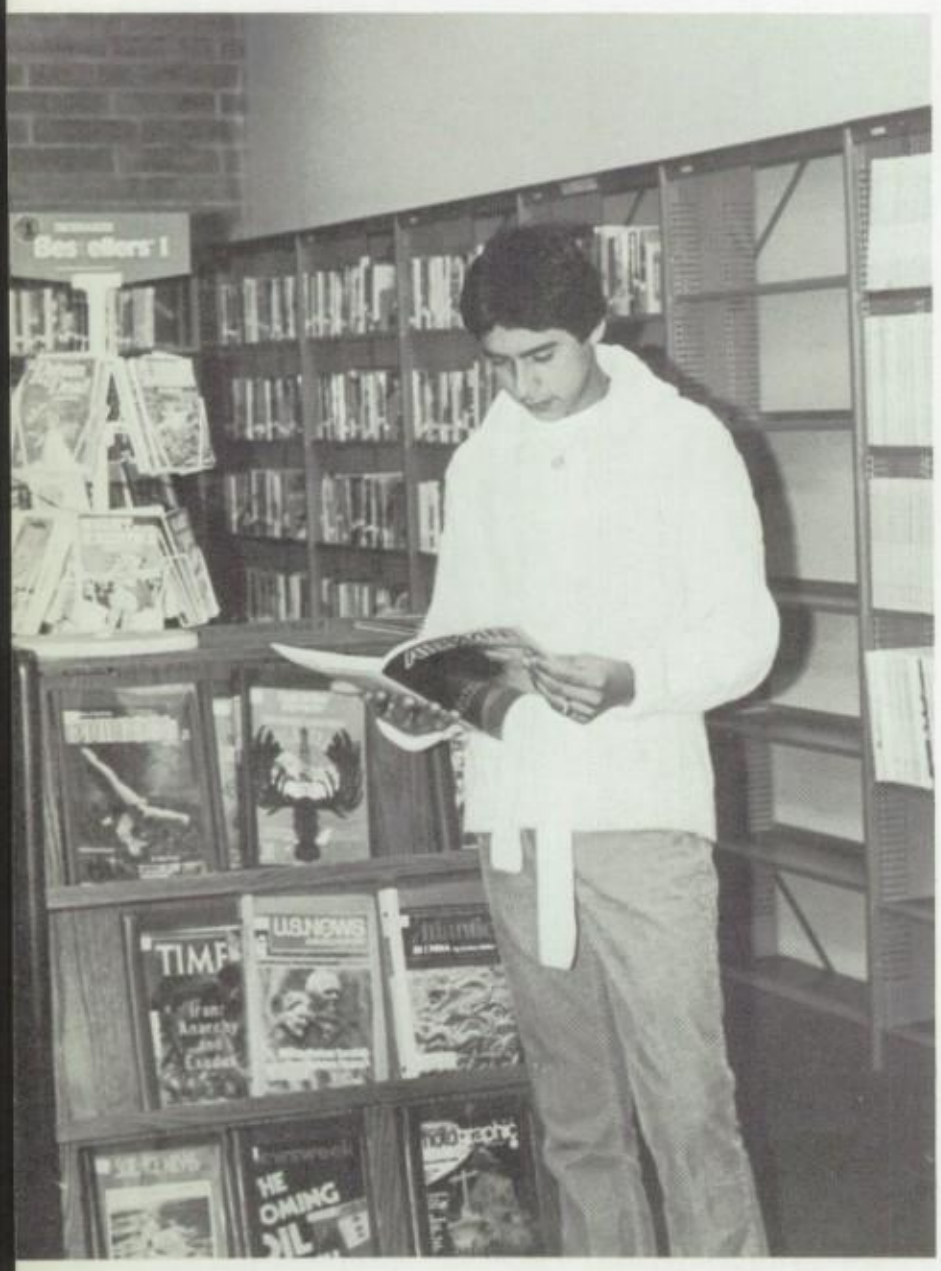
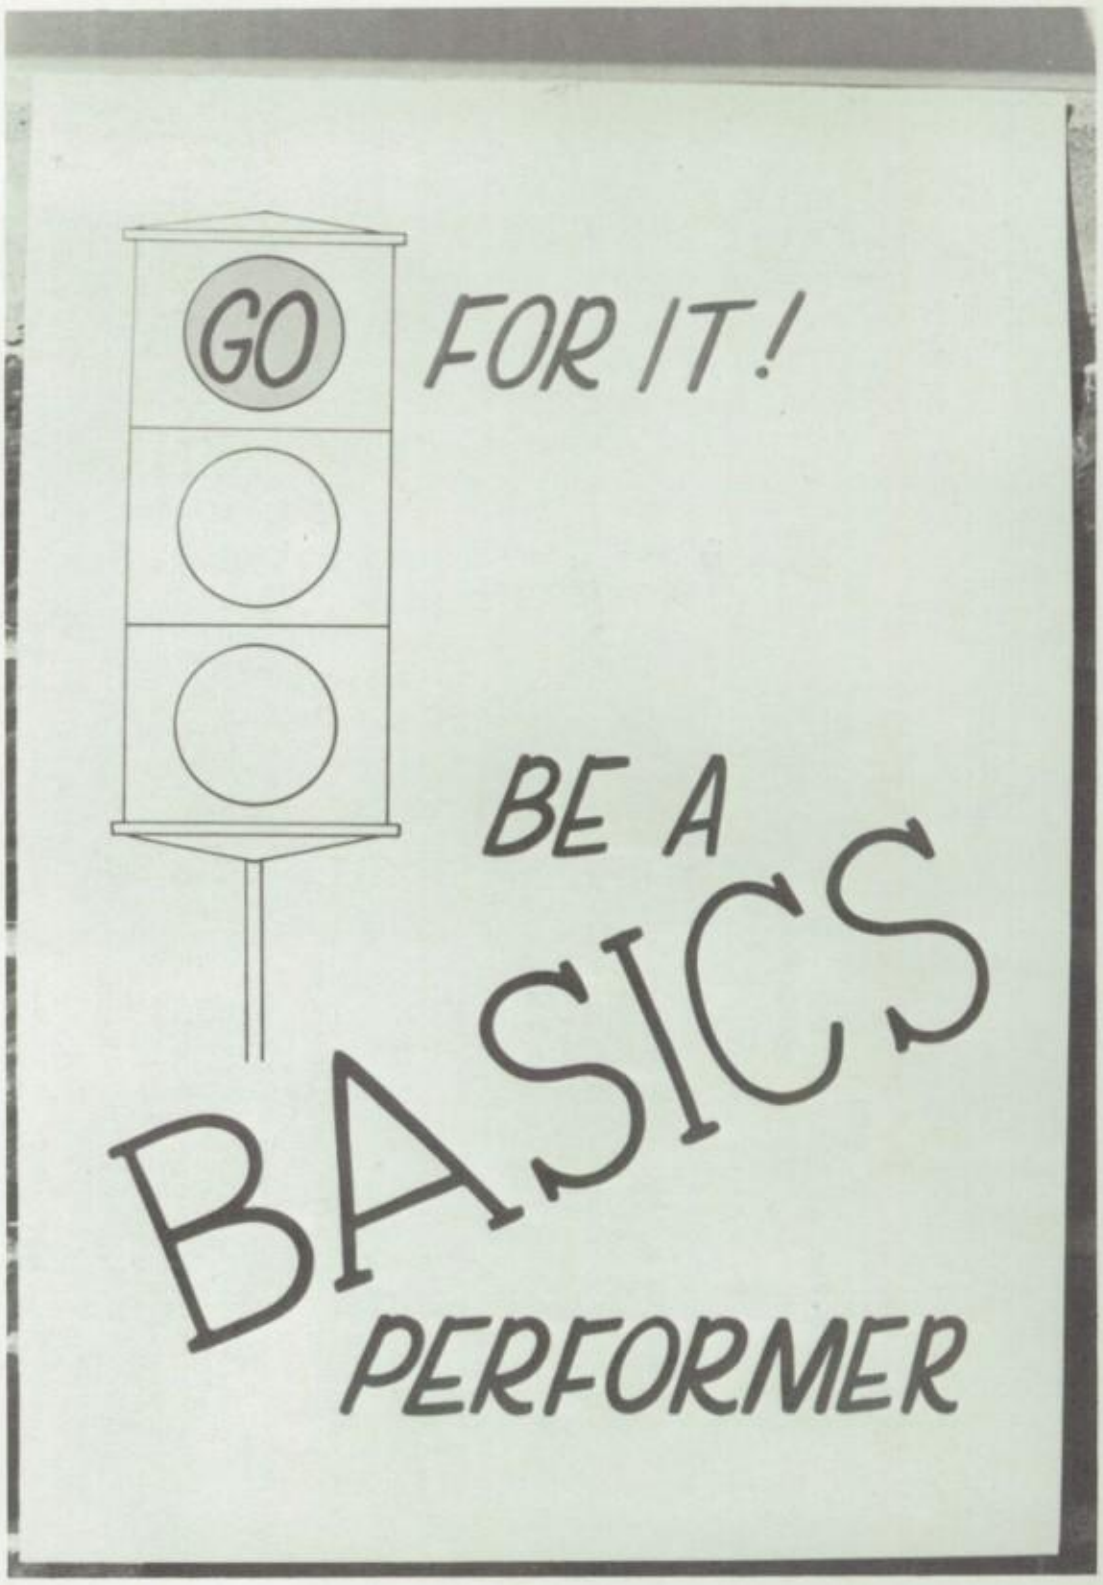
Back To Basics

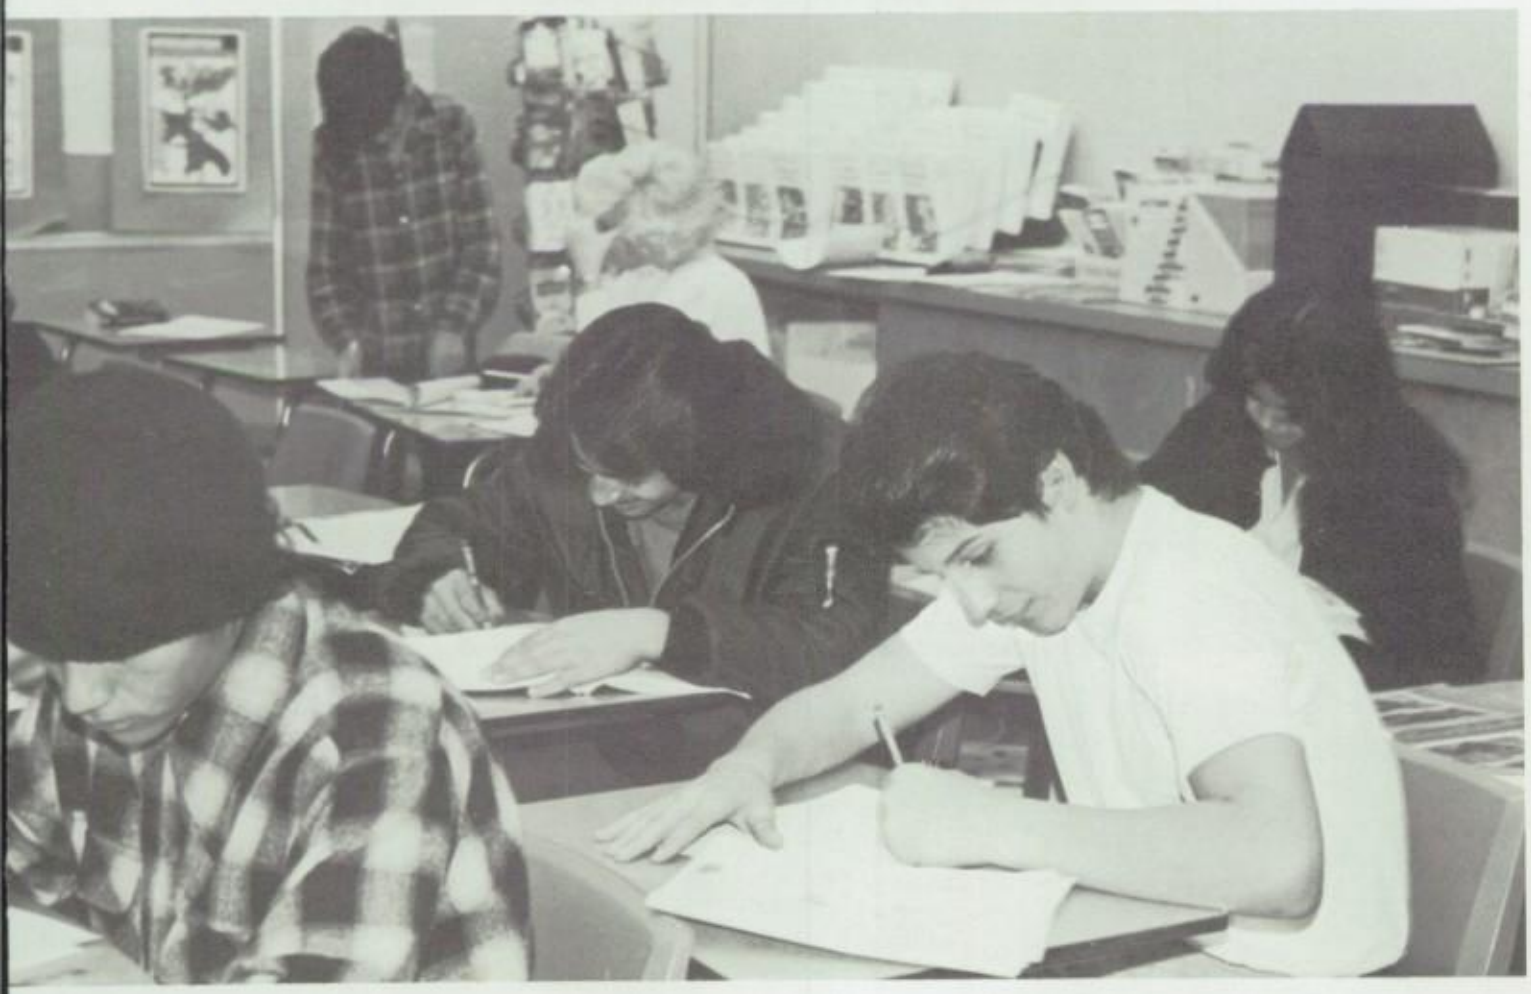


Looking for an article to write a report on, Richard Romero searches through the magazines.



A familiar sight around campus during basics week were these posters telling us to do our best.

The week of October 16-20 was declared by the El Monte Union High School District as Back To Basics Week. During this week students were reminded to work hard on the "Three R's" of education, better known as Reading, Writing, and Arthmetic. Helping students to keep this in mind were signs hanging on the buildings, short talks on the morning announcements, pencils which were given to each student, and posters in the classroom. The highlight of the week was an assembly with a very well known guest speaker. The speaker was Mr. Jim Tunney, National Football League referee and former Principal in the Los Angeles School District. Mr. Tunney's speech, along with the other media, provided the positive boost that all the students needed to help themselves improve in the area of basic skills.



TOP; Giving assistance to Bonita Schetfield and Valerie Arvizo, is Miss Rehbein, career center specialist. ABOVE: Hard at work in their English class is Joe Jaquez, Richard Rozuk, and Mark Cadena. LEFT: Individual work is part of the Science Program and doing her own work, Debbie Wilson, attracts puzzled looks from fellow classmates.

Seniors, well their four years are over now, and their graduating. They went through alot together as freshmen, being in charge of the 50's. As sophomores, they held the Sadie Hawkins, as Juniors they sponsored one of the best proms, presented to the school so far. As Seniors, they had the Sweethearts Ball. They also had class competition during the different events of the school year. They started slow but always seem to pull through. Now they're reaching for the stars, and with their twelve years of schooling they might make it...

Freshmen, Sophomores, Juniors these lables are given to us, so other fellow students will know where each of us ranks. Our first year, as freshmen is an exploratory year at high school. As Sophomores the only important class to take is Driver Ed. for many Sophomores turn sixteen within this year. The Junior year young ladies (girls or females) and gentlemen (boys or males) look forward toward the end of the year when they are finally allowed to invite that special someone to the prom.

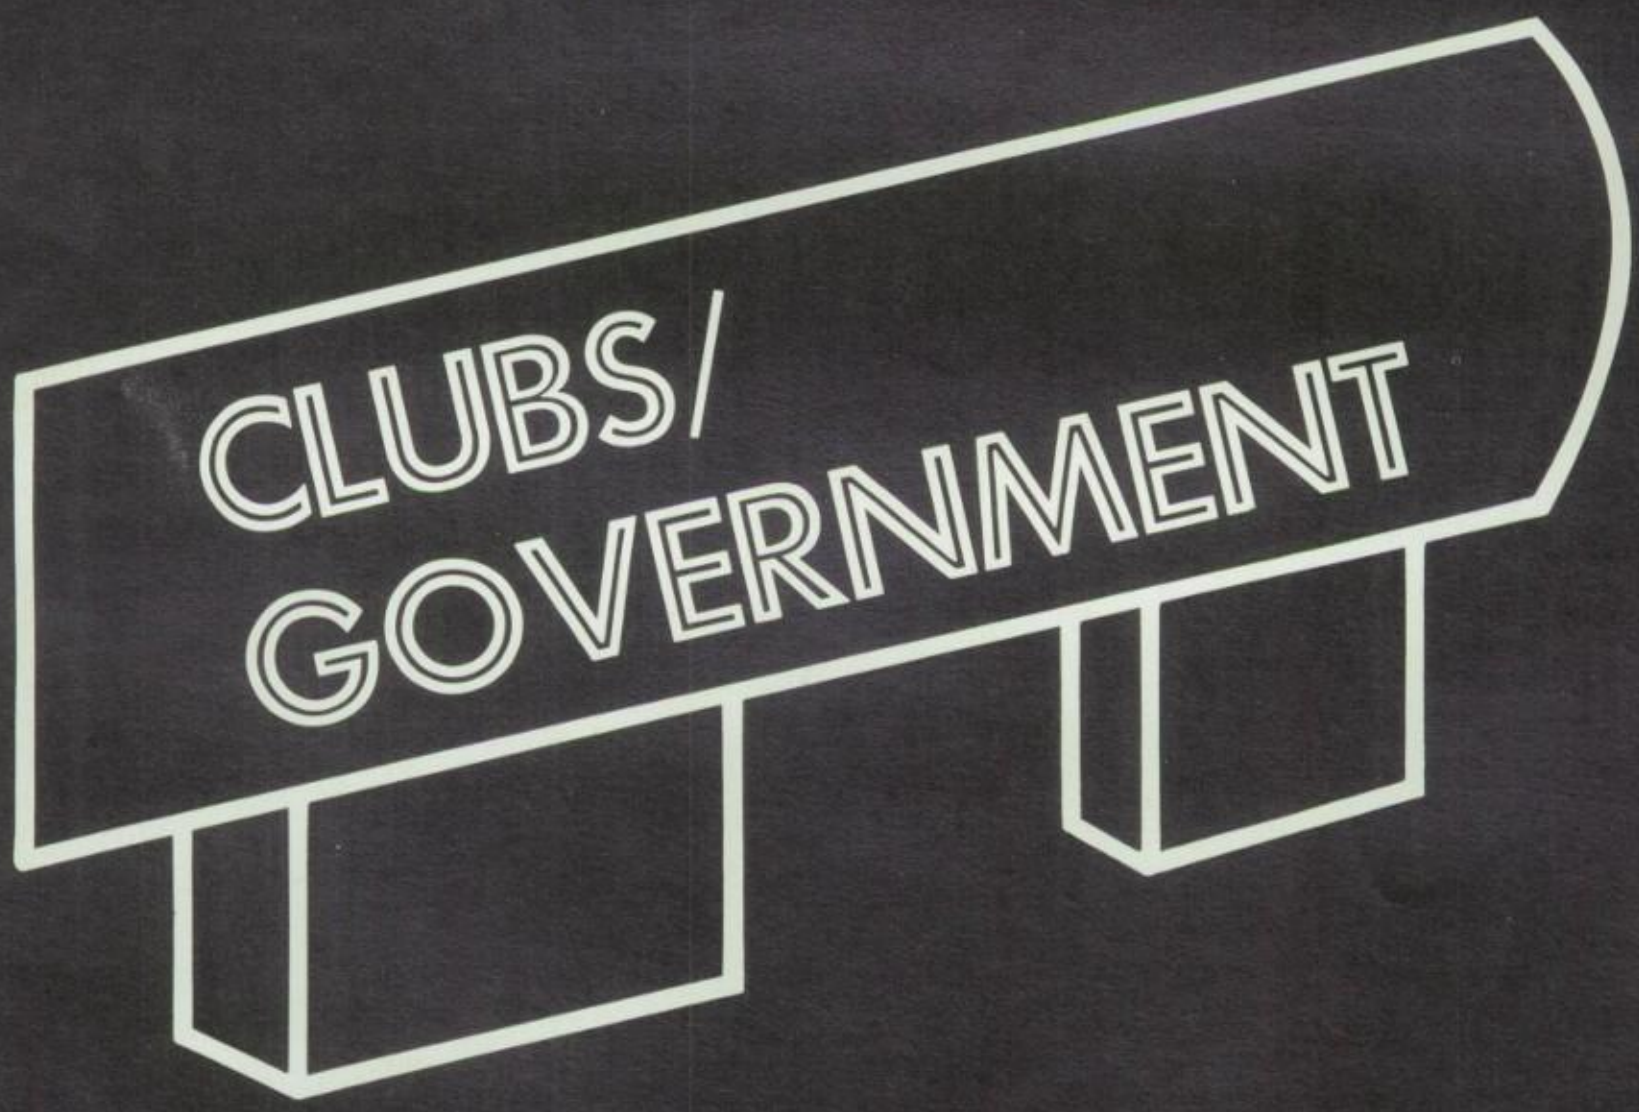
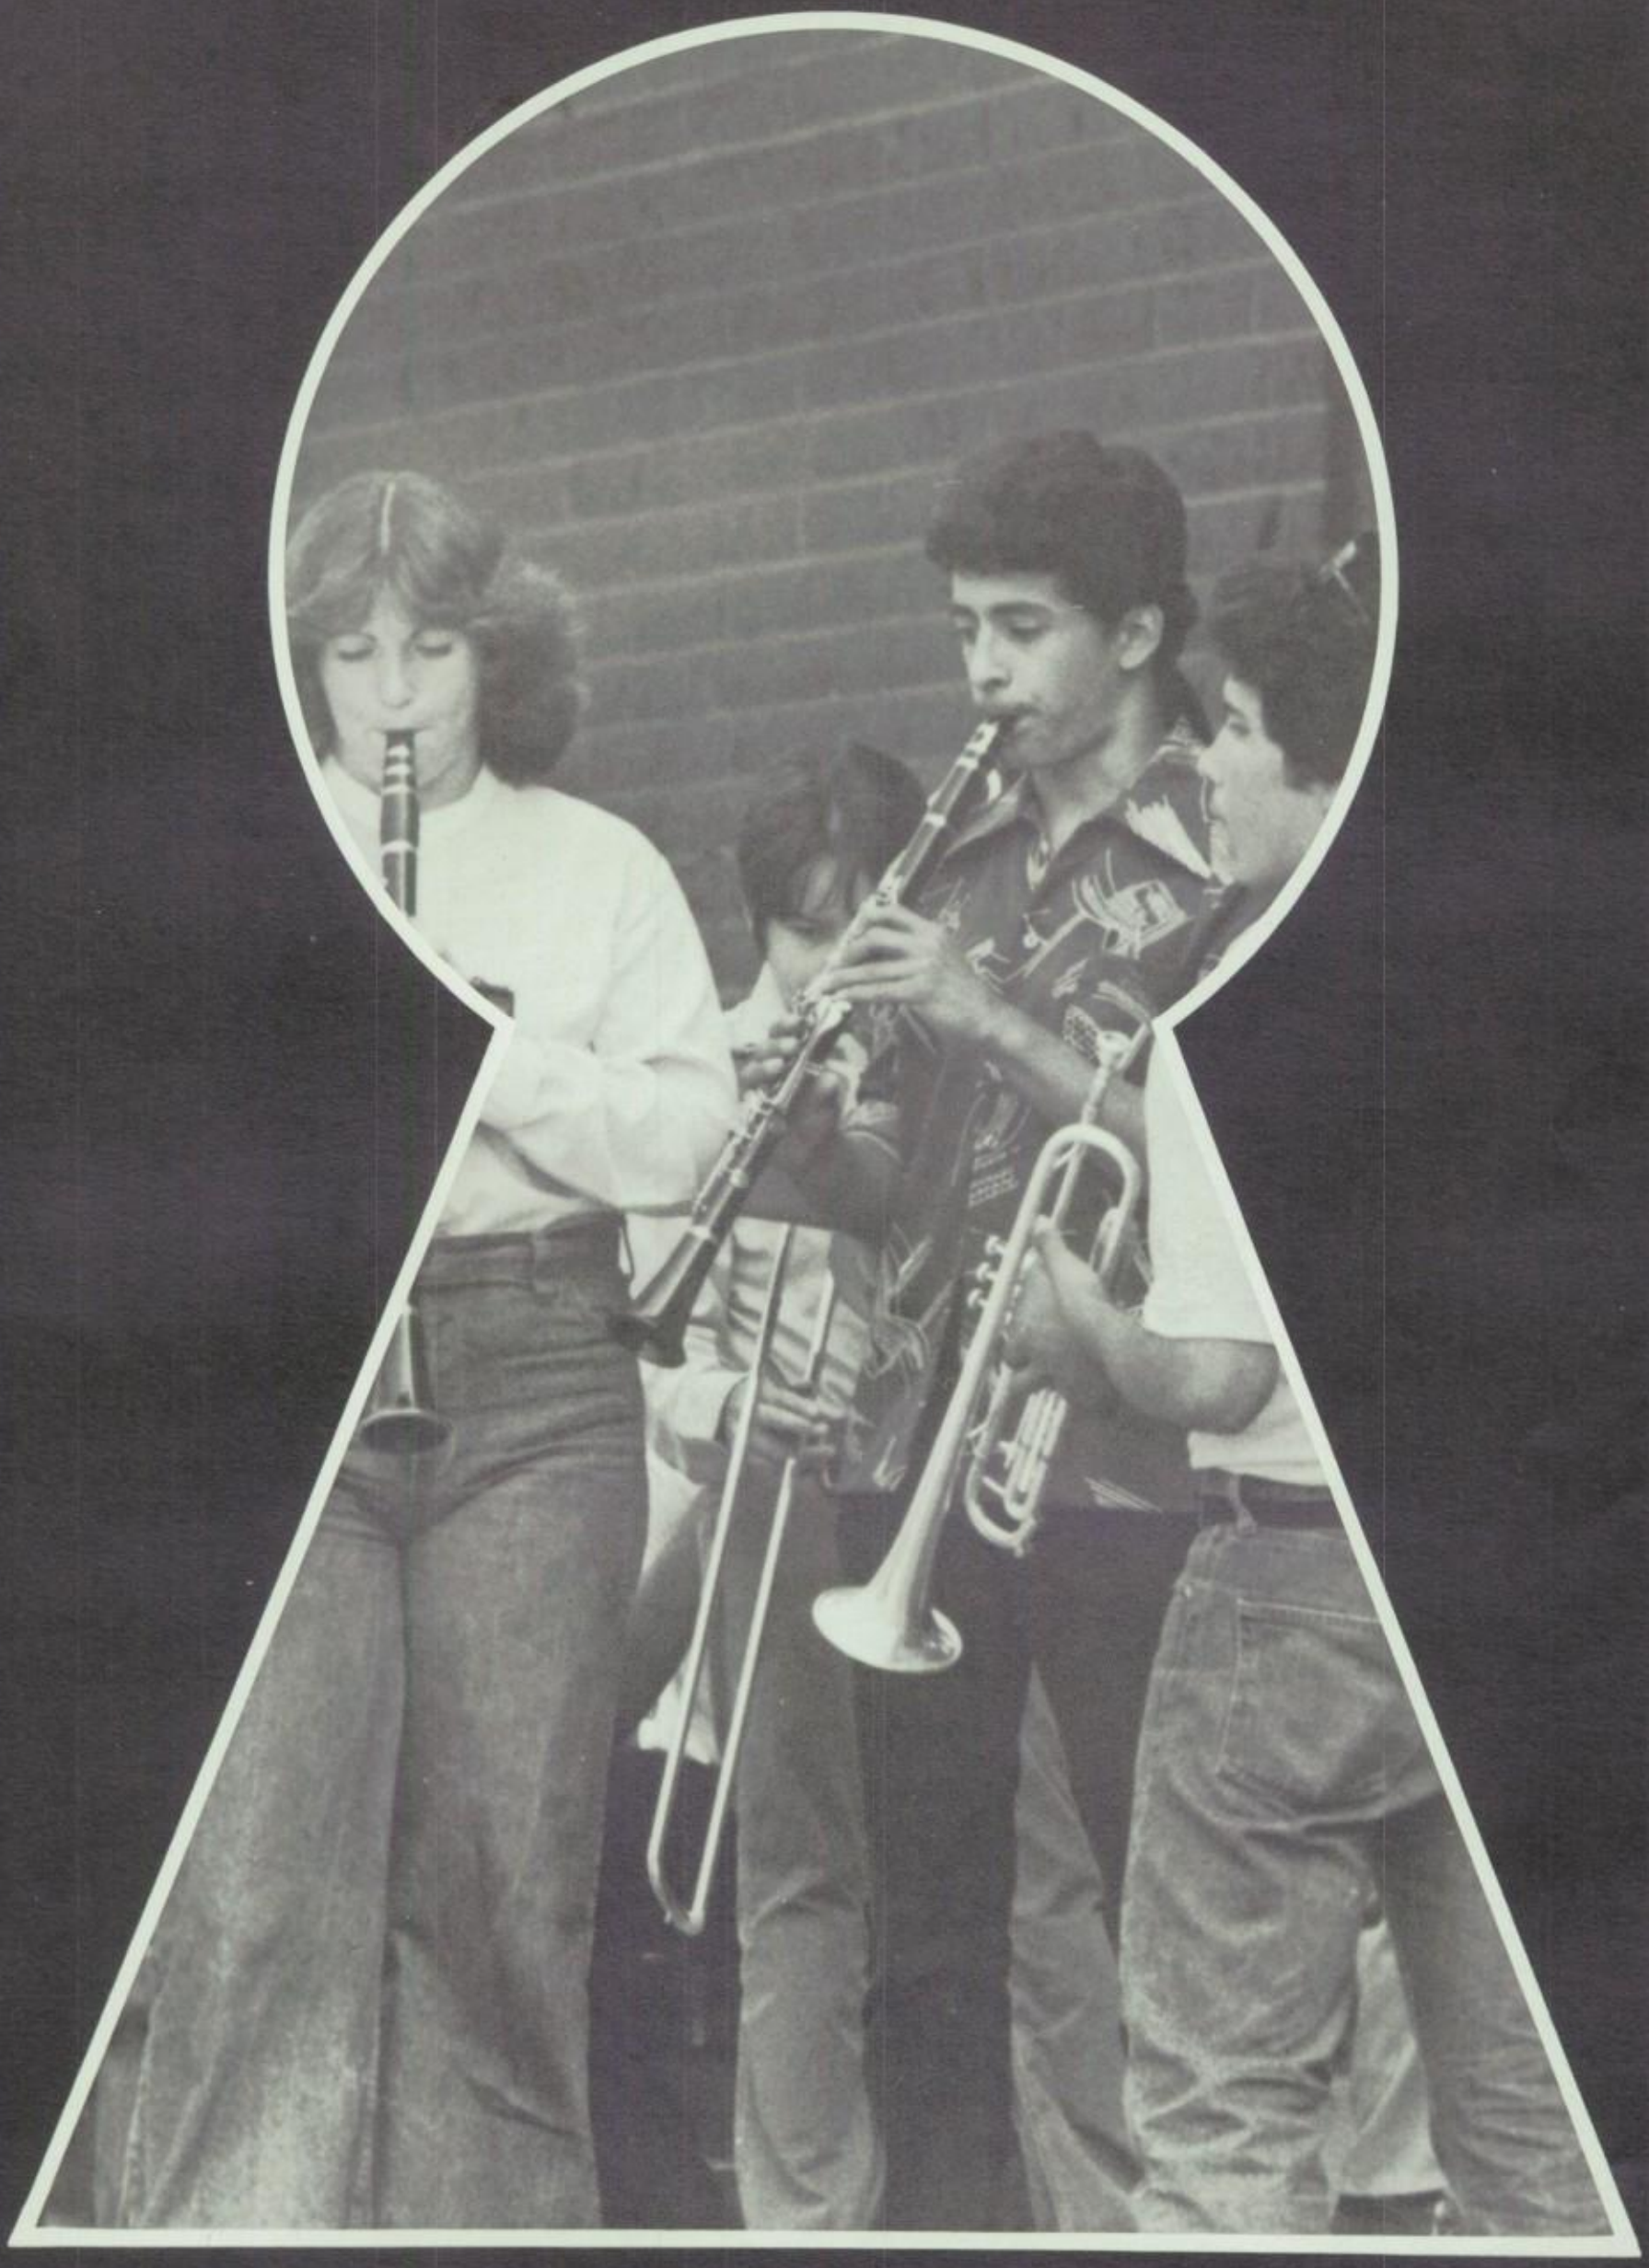
Mountain View Clubs and Government work together all year long to raise money and put on activities for the entire student body. They work together on Homecoming, Early California Days, and Cinco de Mayo. The money they raise at these functions helps support their own individual club activities.





Varsity Cheerleaders

This year's cheerleaders were one of the most spirited groups in the recent years. During the summer they went to camp where they won the spirit stick, which helped them lead the spirited fans at this years pep rallies and athletic events. They not only attended school activities but they also competed at competitions held at Santa Monic, Mount San Antonio College, and at Saddleback College.

Songs

Debbie Cadena was the mascot this year for the Vikes. What is a mascot? Well Debbie worked along with the other spirit groups on campus to arouse the attention and spirit of our studentbody. Debbie went to camp this summer and won a superior trophy and also a spirit stick. And that was when Debbie started to show her ability to share her spirit with us at Mountain View for the rest of the school year. This years songleaders had a little something more than just new uniforms and pompoms. Along with a new sponsors Mrs. Vi Morris, new music and fantastic routines came their new instructor Eleanor Gomez. The Songs together with Eleanor worked for long hours on routines for pep rallies and compe-tition. Eleanor also intro-duced a new style different than what Mountain View has had. All in all Mountain View was proud to have this hard working Songleading team on campus.

Short Flags

Flashrankers is a group of hardworking girls who receive very little recognition and are also known as Flags and Tall Flags. This fine group of ladies along with our famous male twirler Robert McClelland, travel with the band to numerous competitions and also help them with their fund raising activities. The Flags also participate in several parades which forces them to work hard in order to be known as the number 1 performing group at Mountain View.

Viking Scroll

Thinking, Writing, Working after hours, that describes the staff of the Viking Scroll, the school newspaper that comes out once a month. The Scroll Staff works to meet deadlines and get pictures and still try to have time to put on a big variety show along with the music and drama departments. They also get involved on campus by joining in with the rest of the clubs on campus during Early California Days and Cinco de Mayo. They also sold carnations during Homecoming which proved to be quite profitable. At the end of the year they make up a book which consist of every issue of the newspaper they put out that year.

Working on the stage are Jody Marquez and Melvin Clup.

This years Drama Club was involved in putting on another successful play at Christmas time. It takes hard work to get a play together but through teamwork and determination everything seemed to work out right. The Drama Club meets together during sixth hour in Ms. Donato's room. The club has grown to 15 members this year.

Folklorico

The Folklorico Club has grown this year compared to previous years. The members are very serious about their activities. It gives them a chance to show off the traditional Mexican Folk Dances. The group performs at various functions both in and out of school. They also participate in Early Calif. Days and Cinco de Mayo.

Our Leaders In Government

Getting 30 minds to always agree on the same thing is almost an impossible ask. This is a problem that occurs every Tuesday of the school year when the A.S.B. Commission meetings take place. This year Ed Salido served as our Fall President, with a hard working commision they were able to put on a successful Homecoming and School Spirit Week. At the meetings the members were filled with good and sometimes wild ideas. The commision then as a body takes the best from everyone's ideas then works to try and make them become realities for you the student body to enjoy and have fun throughout the school year.

During Spirit Week all the classes participate in the "Human Chain." The Freshman came away with the win, defeating the Juniors who were defending champions.

Fall Officers

The fall class officers are choosen every semester by their fellow classmates. The fall officers are choosen at the end of the previous school year so that the officers can meet during the summer and plan new and exciting things for September. They hold office until Spring, then the second semester begins and they start fresh with new officers.

Senior Class Officers: Frank Calderon (commissioner) Benny Batrez (vice president) Beatriz Lopez (secretary) Estella Renteria (president) Lucy Ibarra (treasurer).

Sophomore Class Officers: Kathy Cruz (treasurer) Pennie Wilson (commissioner) Norma Bentancourt (President) Pat Munoz (vice president).

Getting It All Together

The second half of school starts fresh for almost everyone. We start with new classes and new schedules, and a new ASB Commission. Vivian Ruiz was voted ASB President for the Spring semester. She and her new commission followed up the fall commission and took over School Spirit which turned out to be a great success. They also put on the extra activities for early California Days, and Cinco de Mayo. 50's week also turned out for the best with fun and a good time for all. The Disco Dance was their biggest fund rasier and always proves to be very profittable. With every member working together as a whole, many things were changed added and improved.

Spring Officers

With leaves falling and the atmosphere changing the class officers also change. The fall officers leave their plans and ideas to spring officers, who have been voted in, by their fellow classmates.

Then the spring officers mix those ideas with their own and use their creativity to make those plans realities and very successful events during the second half of the school year.

Boy's And Girl's State

This past summer Carlos Guevara and Vivian Ruiz each spent one week in Sacramento attending the 1978 session of Boy's and Girl's State. This is where the top students of government are chosen to represent their school, one boy and one girl from each high school in the State of California to run a mock government for one week. While learning about both local and state government, Vivian and Carlos each had responsibilities placed upon them which provided them with valuable information to bring back and share with the student body at Mt. View. Vivian was mayor of her city and Carlos was police chief of his city.
For anyone, this is a great honor and experience and both Vivian and Carlos have given their thanks by doing their best for you the students of Mountain View High School.

C.S.F.

For most students, the years spent in high school are to develop their interest to the best of their ability. For instance, those who are musically inclined take music classes, while those who enjoy anything from typing to accounting, take business. But whatever the field of study, there are those few who excell above their fellow classmates. All students with high grade point averages are encouraged to join California Scholarship Federation. C.S.F. is an honor organization which helps qualified students become familiar with their college opportunities. The clubs activities include visiting different college campuses in order to learn what they have to offer. The ultimate goal of a C.S.F. is to become a Gold Seal bearer upon their graduation from Mountain View.

C.S.F. members take care of their booth during Early California Days. As can be seen, pop corn was their specialty of the day.

Missing: Steven Garcia. Below: Co-Editors for the 1979 Aegir Yearbook, Toni Almonte and Vivian Ruiz.

Being a staff of all new members with no experience, we stayed after school many times working hard to meet all our deadlines. The two new editors Toni Almonte and Vivian Ruiz went to one workshop this summer to learn as much as possible about a yearbook. They then had to teach the rest of the staff what they needed to know in order to put a book together. It was a big challenge for everyone but we all seemed to survive.We hope you enjoy this book of memories. We also would like to thank, Mr. Wigton for all his help in taking pictures & doing layouts & the crew at Wally & Wayne Studio for their help and fast service, without these people this book would have never become a reality.

Below: Gilbert Nunez, Joe Juarez, Gerardo Macias, and Alex Gradney helping out in the Early California Day's booth.

On Mountain View's campus many Faculty are willing to spend time before or after school to help out an individual in anyway possible. They are also very involved with students, some enjoy coaching athletes of the future, while others enjoy sponsoring clubs and classes. You also have your teachers who never quit saying, "Try harder," or "keep up the good work."

Teachers

A wide variety of student's go to school for the sake of going to school. Most students don't realize that some teachers are there because they want to help these students in anyway they can. They want to see you get a good education, not sit in class and stare at the ceiling. Teachers are an important part of the school system.

The publishing of a yearbook is not an inexpensive project. The costs are many and the funds from which these costs are to be paid from are low. In order that the staff may meet their obligations, it is necessary to seek paid advertisements from the businesses and industries, as well as the people who live and work in the community which surrounds Mountain View. On the following pages are the advertisements of the people who support our school and its activities. The continued support towards these businesses would be deeply appreciated.

still coming to school.
Good Luck with Joe. If his
anything like his brother he'll
be Great. I better we invited to
your wedding. Tell Joe hi! Well
Good luck in all you do.

Julie,
a very
nice girl
met around 5
years ago. I wish
you the best of luck
in everything you do.
I hope you and Joe make
it and everything works out
for you guys. Hey, if you get
married I'd better get an invite.
May god bless you always.
Love a friend always,
Cathy Oviatt
